- people included in the administration, management or supervision of state-owned companies.

Family members

The term family member to a politically exposed person means spouses, registered partners, cohabitants, children and their spouses, registered partners or cohabitants and parents.

Close associates

The term close associate to a politically exposed person means a person who:

- jointly with a politically exposed person owns or otherwise has controlling influence over an entity;
- owns or otherwise has controlling influence over an entity that has been established in favour of a politically exposed person; or
- otherwise has or has had close business relationships or other relationships that may cause the close associate to be linked to an increased risk of money laundering or terrorist financing. It does not have to be a business relationship.
